A School where every child becomes a lifelong learner and realises their potential.

Friday 3rd July 2020

Dear Parents and Carers,

I hope that you have all managed to view our virtual sports day video on the school website. We are excited to be holding this unique sporting event next week and are hopeful that, as many children as possible can get involved. Those children at school will take part as part of their daily PE sessions. Those children at home, we would really encourage that they take part as well. If you are unable to complete the activities on Tuesday 7th and Wednesday 8th July, please try to complete them during the week.

Mr Holmes has written an explanation for each activity that includes instructions on how to complete and score each activity. I have attached this document to the e-mail containing this letter.

Once the activities have been completed and scored please use the Google Docs link to upload each score and the overall total for your child. Mr Holmes has tried to make this process as easy as possible. Please ensure that the scores have been uploaded by 3pm on Friday 10th July.

Click on this link to access the Google Docs page:

<https://forms.gle/JMNN2PeNhyhf9h1B7>

It would be fantastic if you could send in a photo of your child competing in the virtual sports day events. I have created a gallery on the virtual sports day page on the website so that we can share any photographs sent in as well as photographs from school. If you are happy to share any photographs, please e-mail them in to us using adminoffice@grateley.hants.sch.uk

Once all of the scores are in, we will total them and award the Grateley Sports Day trophy to the winning house. This will be shared to the entire school community via e-mail before the end of term.

This is an opportunity for us all to come together as a school community to compete as virtual teams for each house. It would be amazing if all of the children could take part.

As always, if you have any questions or require any further information then please contact me via the school office.

Kindest Regards

R Dance

Rachel Dance
(Head teacher)
