

Welcome back to the new school year!

Our first topic is called 'Fire! Fire!' and is based around the Great Fire of London. The Fire Brigade will be visiting us during the topic and we will be using this historical event in lots of our different curriculum areas. This letter tells you a little about the learning for the half term, but if you would like to know more or have any questions, please do come and see me.

Thank you for all your support Mrs Woodhead

English

We will start by writing stories about whatever fantastic creature hatches from our mysterious, magical are using the text 'Little Lost Dragon' to help us structure our writing and we will be focusing on punctuation and sentence structure. We will also be writing some descriptive poems about a missing dragon!

Fire! Fire!

Maths

We start by focusing on place value and the number system to 100. We will look at lots of different ways that numbers can be represented and use different equipment to help us. We then move to calculating with addition, subtraction, multiplication and division. We will learn some strategies and apply these to problems.

Topic

The history of The Great Fire of London is the lead for this half term. The children will learn the events of the incident and look at the causes and how London is now very different as a result. As mentioned, the Fire Team will be visiting us to talk about how to keep ourselves safe around fire and giving us a closer look at what they do and the different equipment they use. Our art will be silhouette pictures of London and, as it all started in a bakery, we will have a go at baking some of our own bread!

PDL

We are focusing on 'building relationships' this half term and we will continue to use P4C to explore different ideas.

ICT

We will be game testers this term looking at algorithms and and creating and testing simple codes.

PE

Mr Holmes will be teaching focus session each week and PH Sports will be working on dance sequence.

Music

Hampshire Music Service are working with us this year and this half term to expand our love and appreciation of music!

Science

We will begin by setting up our long-term study of the seasons and how they affect the environment around us before starting a unit on materials. We will explore their properties and investigate which ones suit different purposes, conducting some simple scientific investigations.

Homework

Children each have a reading folder and a colour banded book. They will bring these home each night and can change their books in the mornings, when they need to. Please read regularly with your child at home. In school, children will sometimes read their home books but will also work on a guided, group text each day. Children will given Mymaths, Times Table Rockstars and a PurpleMash login located inside their communication book in the homework folder please ensure that you access remote learning regularly. Spellings lists will be set online on Teams a hard copy will be available upon request. Homework is given out on a Wednesday and taken in on the following Monday.
